LinkedIn: Jake Rankin | Portfolio: github page

Innovative web developer adept at creating digital products using cutting edge design. Earning a certificate in Full Stack Web Development from University of Wisconsin. Strengths lie in creativity, teamwork, and building projects such as a websocket drawing game from ideation to execution. Fine Art background demonstrates an eye for modern design principles. A sensibility for design and teamwork coupled with a clever resourcefulness makes me a valuable addition to any team.

TECHNICAL SKILLS

<u>Languages</u>: Javascript ES6, CSS, HTML, SQL
